Dear Chief:

Enclosed is a copy of a letter from the District Highway Engineer with a sample of Rules and Regulations we would like to adopt for towing purposes in the Town of Harwich.

Please go over the sample and give us a description of roads you would like to have as tow zones (page 47) and return to us with any other comments you care to make. Once we receive your comments and agree upon them we will hold an Open Meeting to act on adopting the regulations. Then we will file a copy of our action with the Town Clerk and publish same in the newspaper. We then apply to the Department of Public Works by registered mail asking for their approval on the tow zones and signs. The Department of Public Works has sixty days in which to respond, otherwise it is automatically approved.

Seeing that the season will be upon us soon we would appreciate your earliest consideration.

Cordially,

Board of Selectmen
