SCAVENGER HUNT

Please take time out of your day to learn about those who have sacrificed for our country.

VETERANS BINGO

Veterans are classified as people who have served our country in times of war and peace. Military service is made up of different branches including the US Army, Navy, Marine Corps, Air Force, Space Force, and Coast Guard. Throughout history our veterans have put their lives on hold and at risk to protect our country. Many face struggles after their service including Post Traumatic Stress Disorder (PTSD) and adjusting to life after the military. It is important that we acknowledge their service and display our gratitude as much as possible because they are the backbone of our country. Veterans should never be forgotten and we as citizens will forever be indebted to them.

As you walk around the arboretum, or any cemetery, see how many veterans medals you can find while paying your respects.

Name the war associated with each medal and find a veteran who served in this war
