

Harwich OpenCape Strategic Planning Committee

Objectives:

Develop a strategic plan to take advantage of upcoming OpenCape broadband services to enhance Harwich and regional municipal services, improve municipal operational efficiencies, connect to and collaborate with appropriate constituents and citizens, and improve compliance and information sharing with regulatory/legal requirements. A critical subject will be to determine how best to leverage the OpenCape broadband services to support economic development.

The committee's goals:

- Catalogue current IT processes and capabilities
 - o Municipal
 - o Business
- Determine currently available internet capabilities and what is expected upon completion of OpenCape
- Develop vision of future broad-band possibilities
 - o Municipal
 - o Business
 - o Potential synergies between municipal and business applications
- List potential actions necessary to link current with future

Timeline:

- Draft current capabilities
 - o 10.31.11
- Draft future possibilities
 - o 12.31.11
- Draft; link current with future
 - o 2.28.12
