HENRY F. LONG, COMMISSIONER
DIVISION OF LOCAL TAXATION

EXPLANATION OF TABLE OF AGGREGATES

The figures entered in this table are to be compiled from those entered in the Valuation List. They should represent polls and property actually assessed for a tax in money, and should include nothing which is exempt from taxation.

The totals in Columns Five and Seven should each respectively be the sum of the figures above them in the same column.

In Column Four the amount entered should be the sum of the four items in Columns Two and Three (e, f, g and h).

In Column Six the amount entered should be the sum of the totals in Columns Four and Five.

In Column Seven (except for such slight variations as may be caused by fractions) the tax "On Personal Estate" will be the tax on the total of column Four; the tax "On Real Estate" will be the tax on the total of Column Five; and the tax "On Polls" will be the number in Column One (d) multiplied by 2 ($2.00).

No figures relating to the Motor Vehicle Excise are to appear on the Table of Aggregates.
