8	There should be more than one playground in the town. Perhaps something in east harwich where many families live. There should also be better organized and advertised programming and staffing for youth programs. The activities that are available for seniors should be focused on those in need of adult day care, not the needs of active seniors playing pickle ball. They can afford to start their own club. There is a dire need for seniors who need assistance in the community for that sort of programming. The youth programs should take precedence.	12/13/2023 9:27 PM
9	Need more youth programs. Recent momentum is good, seems driven by parents and volunteers rather than rec dept. Need more youth access to gyms, fields, etc	12/13/2023 8:57 PM
10	We have stepped things up, however, the recreation program needs some work still. Other towns have great programs, (ice skating) swimming/ sailing. And we do not. Town employees are paid extremely well. It seems the priorities in this town have been for the rich seniors more than the struggling working class families that keep this town operating.	12/13/2023 4:48 PM
11	If we don't make changes to involve the youth and keep kids and teens engaged, there will be no authentic future here. It'll be consumed by rich, rude, careless people who have no rooted ties to this community. There are so many things wrong, it's sad. I hope my kids have a chance to enjoy this town as I did as a kid.	12/13/2023 2:00 PM

21	There needs to be more sidewalks- and crosswalks. The sidewalk in harwichport ends at Dairy Queen. If it continues up kildee hill it could connect to shaws where many people walk to and from. Also, specifically there should be a crosswalk at the end of Doane rd and route 28. There is a large community of walkers in this area- with the beach plum condos being right there. ## Q24 Describe your ideal Harwich in the next 10 - 20 years.

Answered: 306 Skipped: 338

#	RESPONSES	DATE
1	Don't turn into Chatham. Be the full turn key town in the cape balancing growth with open spaces to keep congestion and population down. Keep the charm!	12/31/2023 2:02 PM
2	Increased residential density by any means necessary. A walkable mixed use community where a car is not an absolute necessary for every resident to do literally anything outside of their house.	12/30/2023 2:39 PM
3	cleaner, greener	12/29/2023 3:40 PM
4	I would love to see a thriving small business driven downtown areas of Harwich Port, Main Street & East Harwich. This includes paces for retail, restaurants, shops, live music and cultural arts driven events throughout the year. Starting to tackle affordable/workforce housing issues by combing multiuse development in locations of opportunity. People able to access the amazing trails, bike paths, conservation areas by having more programs built around this beauty which is essential to the character of Harwich. A center for innovation, entrepreneurship and collaboration of ideas, business ventures & deep community essence. A sense of safety- think of a place that the children can ride down the street to school, business or friends house without a second thought. A place of artistic creativity and community where people can make a living off their passion through using tools/technology to reach audiences that may not physically sit on cape cod but be interested in their wares, arts and services. Beautiful well-kept beaches, bike paths and parks to be used by all and encouraged through programs built around enjoying them. A place where people feel free to enjoy the beauty around them and the broader community that enjoys that as well. ****Also make the downtowns more beautiful and timeless with a focus of upgrading the lighting, roads and sidewalks(not the 1980's style light poles and ugly broken cement paved areas we walk on now). The more ecstasically pleasing the more we will draw in the tourists to spend money in our town.	12/28/2023 2:59 PM
5	Harwich will be a vibrant community where housing size is restricted, as well as lot size, and there are numerous sidewalks to walk about the various villages. Affordable housing is available to young families as well as seniors desiring to live out their lives in their own homes. We have a wonderful infrastructure of services to meet the needs of all residents.(i.e. police, fire, healthcare, activities for youth and seniors.etc.) Our education system is one of the best in the Commonwealth. The roadways are maintained as are our historic buildings that are being maintained and in use.	12/28/2023 2:34 PM
6	Children growing up here now being able to buy their own home, in a traditional neighborhood, and run a small local business or work from home for larger companies. Watching their own kids play rec sports, get a good education, and learn about their natural environment and history.	12/28/2023 12:07 PM
7	i won't be here, but would love to have a varied and stratified population living here - right now, it's too one-sided and lopsided for me in nearly every way.	12/28/2023 11:14 AM
8	More trees Less traffic	12/26/2023 11:24 PM
9	A remaining small community feel	12/26/2023 8:22 PM
10	A closer more active community representing the seven villages. Consistent yearly activities for community.	12/26/2023 6:57 PM
11	Pedestrian friendly streets. More cultural attractions in the off season.	12/26/2023 5:47 PM
12	It will not be under water	12/26/2023 4:43 PM
13	Similar to today but with more emphasis on the environment.	12/26/2023 3:43 PM
14	For Harwich to return to more of a year-round community. Radical changes to housing to prioritize affordable single family home ownership for year-round residents - something that older generations took for granted, but has become almost entirely unattainable for younger	12/26/2023 2:53 PM

folks - including those of us who grew up here. A Town that is invested in a year-round economy with stable, year-round employment opportunities. I think it is important for the Town to pursue options to disincentivize second-home/non-resident home ownership so that the existing home infrastructure can support more year-round residents/families.

15	Maintain the small village.	12/26/2023 2:49 PM
16	Net Zero	12/26/2023 2:23 PM
17	Quiet calm clean	12/26/2023 8:28 AM

19	Less development of mega mansions. The character of the historic community will be preserved.	12/25/2023 10:35 PM
20	No more new homes, unless dedicated to affordable housing. Continue to preserve natural areas, trails, beaches and improved water quality would be attained.	12/25/2023 1:39 PM
21	Plenty of tree cover, hiking trails, very limited plastic use, affordable housing and climate change mitigation implementation.	12/25/2023 1:23 PM
22	Fewer rental properties. More owner- Occupied homes. A small town community feel.	12/25/2023 11:42 AM
23	Community preservation money goes to historic preservation! Funds for sensitive maintenance of private historic structures and landscapes. No more big trucks going thru Harwich Center. Community center more kid friendly.	12/25/2023 11:41 AM
24	Clean water, sewers, year round people, less summer rentals, more open space,	12/25/2023 11:20 AM
25	A year-round , economically and culturally diverse community with housing for local families would be great.	12/25/2023 10:33 AM
26	Better schools, much more alternative energy, plenty of open space.	12/25/2023 9:44 AM
27	bikeable, walkable, slower traffic	12/25/2023 7:41 AM
28	keep the historic , while engaging the future	12/25/2023 6:15 AM
29	Open space has been saved and environmentally sensitive areas protected. "Smart" development has been favored over growth for its own sake.	12/22/2023 5:38 PM
30	An area which permits me to remain in my own home with health services near by. Easy access to markets and the local shopping area.	12/22/2023 5:01 PM
31	A place where both young families and seniors have what they need!	12/22/2023 4:52 PM
32	A place to live , work and engage in the village you live in .	12/22/2023 2:58 PM
33	Economically and environmentally sound.	12/22/2023 12:51 PM
34	A place for people who work here can live here a place where seniors can afford to stay a place where children who are in need are taking care of	12/22/2023 9:43 AM
35	A Community of citizens focused on maintaining the quality, beauty, and integrity of our beloved town(s). A group of people dedicated to supporting each other and the needs of our Community.	12/21/2023 8:59 PM
36	Re-establishing the historic presentation of the cranberry industry, strong focus on affordable housing that is sustainable because of the high real estate values. Revised zoning to accommodate said housing. Small business friendly support and permitting. Strong focus on work force affordability.	12/21/2023 6:27 PM
37	no new developments	12/21/2023 4:11 PM
38	A town that provides opportunities for housing and jobs to young families and workers; maintaining high standards of water quality; improving infrastructure without having put financial pressures on the citizens; and overall improvement of the quality of life for its citizens-young and old.	12/21/2023 12:38 PM
39	Improve Board of Selectmen and Town Committees transparency and communication. Limit any additional growth of Harwich Port, improve other villages	12/21/2023 11:49 AM

40	Safe environment for young families to live and enjoy the natural landscape of beach, waterways, trails and community. A place where seniors can enjoy the peaceful neighborhoods, natural beauty and have access to medical and recreational care.	12/21/2023 11:26 AM
41	A coastal village with charm that does not get overrun with developers building 2M houses, and tourists.	12/21/2023 10:39 AM
42	More sidewalks generally, and more bike lanes connecting to the CCRT and the Old Colony bike trail.	12/21/2023 10:38 AM
43	sewer system to minimize pollution of harbors, waterways more retail, restaurants	12/21/2023 10:34 AM
44	Better use of Harwich center including changing the traffic pattern which is often difficult to manage. I would like to see more restaurants and a good coffee shop.	12/20/2023 11:31 AM
45	Vibrant safe community	12/20/2023 12:30 AM
46	Slower development, change town code to not allow cul de sac developments, moratorium on number of town employees	12/19/2023 12:26 PM
47	An equal mixture of young and old residents concerned with the history and beauty of the environment.	12/19/2023 10:33 AM
48	Less visitors, less tourists, less traffic, more open space, less development, more affordable housing on lots that already have buildings on them - go after business areas - rezone if needed NOBODY wants more trees cut down for ANY reason	12/18/2023 3:02 PM
49	Keep the charm, slow down the commercialization, slow over development, slow down the traffic, lots of green space	12/18/2023 12:51 PM
50	Living in a community with many sidewalks, paths and cleaned up beaches for walking.	12/18/2023 10:53 AM
51	Focus on upgrading the villages. Use Orleans and Dennis as comparisons. Partner with local businesses to develop year round mentality. Focus on tourism.	12/18/2023 10:15 AM
52	static.....lack of further development other than housing oriented for a service community	12/18/2023 8:27 AM
53	Quaint New England town. Quiet, no big business, no fast food chains. A quintessential town that attracts everyone and doesn't have an elitist quality about it.	12/17/2023 11:04 PM
54	Bedford Falls	12/17/2023 10:27 AM
55	I would love to See Harwich take advantage of it's quaint costal access by having better walking access, and beautiful outdoor parks/recreation area people can actually enjoy, not just pickle ball courts.	12/16/2023 3:41 PM
56	I'll be dead.	12/16/2023 2:13 PM
57	Great schools. Healthy living - sidewalks, walking paths. Clean water. Positive culture and climate. Housing for workforce.	12/16/2023 10:59 AM
58	In 10-20 years Harwich should be a community where full year residents can afford to purchase a home or rent. These housing opportunities ned to be expanded and seasonal rentals need to be limited. Harwich should be a town with clean water, good infrastructure, and should have expanded affordable housing options for town residents.	12/16/2023 6:00 AM
59	Unchanged (but for more natural beauty and many more small local galleries and little shops to explore by all of our happy locals and visitors alike.	12/15/2023 9:30 PM
60	To be like it was 15 years ago. The nice quaint town	12/15/2023 10:01 AM
61	Seamless ebb and flow from busy season to offseason with increased offering for young families and seniors. Mindful elected officials focused of the preservation of our town and environmental future.	12/15/2023 8:37 AM
62	I hope Harwich can resist pressure to overdevelop this town and it remains much the same as it is.	12/15/2023 8:01 AM
63	Encourage families to move to community and to raise a family here. Also have enough well paying jobs for them to be able to stay here. Preserve what great things we have in this awesome community.	12/15/2023 4:30 AM

## Harwich LCP Community Survey

64	No more McMansions, our beaches and conservation areas are in the same if not better shape, a single teacher working in the Harwich school system can afford to, and be able to find a place to live in town	12/14/2023 11:20 PM
65	A town that has been able to keep young families. The biggest achievement would be if we had an equal amount of students and young families as we do today.	12/14/2023 10:07 PM
66	Support young local families	12/14/2023 9:35 PM
67	Well funded schools (with stable population of children due to successful efforts to diversify the housing stock and retain and attract young working age people, vibrant community institutions and services (library/community center/COA/recreation) that create connections and a sense of community among residents, excellent broadband (no questions about that, btw, and that is critical to economic development, so I'll add - Town advance and support of broadband has solved the last mile problem allowing fast, reliable, affordable OpenCape service to residents and businesses in all areas of town, plentiful and fully staffed physician offices and medical facilities, walkable villages with sidewalks	12/14/2023 7:46 PM
68	No mandatory sewer hookups for existing owners. If home sells, new owner given 2 years to hook up.	12/14/2023 7:37 PM
69	A maintained village atmosphere similar to the Cape style that's invited people from around the world. But we NEED AFFORDABLE housing, otherwise there will be no Cape Cod except the super wealthy who have to import daily service people from the other side of the bridge	12/14/2023 7:21 PM
70	A safe place to live and raise a family	12/14/2023 6:48 PM
71	Strong economy, more architecturally appropriate housing/mixed use (especially in areas that are not now visually appealing (Bishops Terrace), protection of current open spaces	12/14/2023 6:32 PM
72	I would love to see a town less focused on senior residents and more inclusive of middle income families with school aged children	12/14/2023 5:39 PM
73	Public sewage, Sidewalk beautification, year round restaurants and bars, better parking at public beaches, more recreational activities available.	12/14/2023 5:26 PM
74	Fewer seasonal homeowners and those that keep seasonal homes pay higher property taxes; working families are able to afford a basic standard of living and expect a decent public school education and extracurricular activities for their children while seniors are able to live out their days in a dignified manner. There would be a lower priority on seasonal revenue and people who work in town can afford to live here.	12/14/2023 4:20 PM
75	Maintaining small town coastal feel where working families can afford to live and play. Community hubs with concentration of services and multiple public transportation options.	12/14/2023 4:03 PM
76	Not to harp on building and overdevelopment (but it IS a huge issue) I would like to see better use of existing structures renovated to fulfill housing and business needs and I'd like a law passed requiring builders reaping over x-millions of \$per yr to build, and forever maintain, quality smaller or 2-family houses. The ideal Harwich has its wonderful traditions of parades and Strolls and maintaining its lovely small town feel.	12/14/2023 3:47 PM
77	safe, stable, vibrant	12/14/2023 2:45 PM
78	Harwich will have affordable apartments to rent, and we will be able to zone for denser building- apartments that include surrounding green space so renters are able to have a yard or access to green space. The town will decarbonize municipal structures and incentivize home owners to do the same, and Harwich will explore environmentally friendly efforts such as municipal composting, waste water recycling, and rain gardens in municipal spaces. Harwich will be bike friendly and have a functioning public transport system. Ideally people who live in Harwich can work in town too and vice versa.	12/14/2023 1:04 PM
79	Clean house on Select Board and replace TA. Incentivize repair and Rehab vacant residences before issuing new housing construction permit ; set up citizens group for feedback to local institutions and complete a new town master plan and cultural resources study - stop the increasing part- time housing units occupancy and construction; preserve historic buildings and places; establish more "pocket" parks on ponds to give better access to rail trail users; add walking and bike paths on busy roads; improve directional signage; increase taxes on seasonal rentals; remove petty taxes and usage fees on pets, trash, beaches, publish advance notices for all government and committee meetings and record minutes and keep	12/14/2023 12:50 PM

open to residents who wish to listen during proceedings; digitize all local government processes such as taxing and permitting; prevent homeless camping on public property; refund annual surplus funds back to taxpayers

80	Get the community center back to what it used to be like in the 2000s for seniors and children. More affordable housing for family's and teachers	12/14/2023 12:45 PM
81	vibrant but classic town feel with shops and restaurants. preserve the cape cod aesthetic lots of conservation land	12/14/2023 10:49 AM
82	More affordable housing with preserving Harwich character, small town	12/14/2023 10:08 AM
83	Friendly for young families Adequate affordable housing Robust economy Strong school system	12/14/2023 9:58 AM
84	Maintain the feeling of old Harwich but meet community needs and curb overdevelopment.	12/14/2023 9:51 AM
85	More year-round recreational opportunities, including field/space dedication, for our youth. A new Director of Recreation would be great!	12/14/2023 9:46 AM
86	Better form of governing, less likely to be as today's almost dictatorship by Select Board. Time to stop small town politics from allowing natural changes.	12/14/2023 9:38 AM
87	Character and charm and a golf course for more resident use, too much non resident, the course is going in the wrong direction.	12/14/2023 9:30 AM
88	Well run town offices local govt that is based on working for the people of harwich. The current local government is a mess .	12/14/2023 9:27 AM
89	Stop giving permits for overdevelopment for non residents second homes	12/14/2023 9:26 AM
90	Growth in beautification and town planning to promote a small, stable and idyllic feel	12/14/2023 9:19 AM
91	A swimming pool year round in town is extremely important. More sidewalks. I'd like to see a sidewalk along Long Pond Rd connecting Route 137 to 124.	12/14/2023 8:57 AM
92	A town where the people who work here can afford to live here. Our natural resources mean that tourists will come regardless of what we do, so the town's focus should be on the individuals and families who make this place their home year round.	12/14/2023 8:52 AM
93	Better use of open land for recreation ie soccer turf field for the youth. More options for working families with after school and summer child care needs. Affordable Housing available for local year round families.	12/14/2023 8:42 AM
94	A town that welcomes all, seniors, children, families, who will feel they can rely on the elected officials hear their concerns and share their triumphs. When visitors come, the year round citizens realize the traffic and longer waits help pay our year round bills.	12/14/2023 8:08 AM
95	Continue local family support. What makes Harwich better than surrounding towns is the younger families.	12/14/2023 6:49 AM
96	Great schools, locally owned businesses, maintaining great staffing for police, fire, DPW and teachers with all being able to live on our community, affordable housing for our residents.	12/14/2023 1:11 AM
97	Care for working families with kids	12/13/2023 10:54 PM
98	We need sidewalks so everyone can walk instead of using their vehicles	12/13/2023 10:07 PM
99	More sidewalks, less flashy signs, more traditional street scapes, something around town to slow down the speed of drivers, school population growing.	12/13/2023 9:40 PM
100	Adequate housing stock for low moderate income residents, robust local businesses supporting seasonal and year round economy, comprehensive waste water system in process/ completed, town programs equally balanced between seniors and younger residents, A Harwich center with a strong village identity, businesses, sidewalks and street trees	12/13/2023 9:39 PM
101	Increased spaces available for youth programming. Splash pad. Increased housing options. Increased restaurants/retailers in vacant spots. Increased availability and affordability for young families to move here.	12/13/2023 9:06 PM
102	Increased rec programs for young children 3-5 years, increased rec programming for high school aged kids that don't play high school sports. Added fields (similar to Yarmouth middle	12/13/2023 9:04 PM

school) Added indoor gym space whether by expansion of 204 or community center or by new builds Renovate behind 204 sisson to make fields usable for organized sports

103	Has old charm while keeping up with modern needs and trends. With focus on housing for young families and year round workers.	12/13/2023 8:45 PM
104	Small, local businesses, more community events, no large buildings or structures. Continuous focus on health and wellness. Families creating traditions within the community.	12/13/2023 7:54 PM
105	The way it was 30 years ago.	12/13/2023 6:42 PM
106	More sidewalks	12/13/2023 6:17 PM
107	Lots of young working families with kids enjoying our beautiful town. More community fairs. Kids walking and riding bikes SAFELY on our streets. Accessibility to year round residents to beaches. Preferable a resident (year round) beach for us to enjoy without the ridiculous crowds and idiots. A town pool for residents only. I keep saying g residents only- I feel like the cape has shifted from taking care of their own, to kissing ass to the big money, it sucks. We work hard. Throw us a bone and keep something special for the townspeople who truly love this place.	12/13/2023 5:24 PM
108	More programs for the kids	12/13/2023 5:12 PM
109	One that can support itself, with enough young families able to afford to live here, working here.	12/13/2023 5:07 PM
110	The ideal Harwich to me would have a balance of programs to suit all year round residents, both families with children and seniors. The key is prioritizing year round working people. We don't need more multimillion dollar properties that no one actually living and working on the cape can afford.	12/13/2023 4:55 PM
111	No more eastward companies and millions dollar homes. No air bnbs and short term rentals allows in the town	12/13/2023 4:43 PM
112	Support working families, support school system, support public safety, reasonable growth	12/13/2023 4:01 PM
113	Keeping the small town feel. Businesses and restaurants should enhance that vibe. Continuing and improving upon services for kids, families, sports and seniors.	12/13/2023 3:29 PM
114	Not building multi family homes or apartments. Keeping our small town feel but incorporating and supporting useful businesses	12/13/2023 3:03 PM
115	In 10-20 years I'd like to see a thriving community. Far fewer cookie cutter developments of million dollar homes, and more young families in AFFORDABLE single family homes or multi-family homes. More sidewalks around town with more public transportation options. A recreation facility dedicated to the children (under 18) of Harwich. An afterschool program NOT the ymca running to help the working families of Harwich. More dedicated green space, fields and such for community use. Continued community efforts to preserving water quality and the coastline. Harwich needs to invest more into the youth and young families if we'd like to grow!	12/13/2023 2:54 PM
116	maintenance of good water supply, beautiful beaches and welcoming villages without concentration of big/chain businesses. Green development	12/13/2023 1:21 PM
117	To have adequate housing for young adults and families. More sidewalks and streetlights. Continue the local community feeling	12/13/2023 1:09 PM
118	Areas of combined use, living, business, and activities with surrounding conservation lands with access throughout the town via walking, biking and public transportation	12/13/2023 12:17 PM
119	A place that supports year round families by providing a stellar school system, affordable housing, and better youth programs.	12/13/2023 11:13 AM
120	Affordable housing for local and year rounders	12/13/2023 11:07 AM
121	Affordable housing. Limits on the development of massive houses vs. plot of land. Clean streets and beaches. Free or very inexpensive Afterschool care for kids. Especially elementary aged	12/13/2023 10:40 AM
122	Small town full of year round families with vibrant and thriving local businesses. Sought after public school system and recreational activities.	12/13/2023 9:58 AM

133	Maintain a this well run local small town. Focus on the character and feel for local residents (clean, quiet, and earthy neighborhoods). At the same time, catering to influx by maintaining existing natural resources and continue to offer seasonal activities.	12/11/2023 11:43 AM
134	A well maintained Town that provides adequate housing, school and child opportunities to families, including seniors, that takes pride on its history, natural resources and sense of community	12/11/2023 9:20 AM
135	Maintaining a quaint and safe place to live for our residents and visitors. Increasing the appeal for people to vacation and visit harwich- beaches, restaurants, shops, golf, pickle, etc.	12/11/2023 6:36 AM
136	Less short term rentals, more affordable housing for current year-rounders. We don't need more building, we need the homes and buildings that are already here to be available to the families who want and need them to stay here.	12/10/2023 8:53 PM
137	Remains a vacation spot but workers do not have to drive more than 25 minutes.	12/10/2023 4:56 PM
138	Maintaining the charm of each village and adding sidewalks to connect the villages.	12/10/2023 4:51 PM
139	More sidewalks and town wide sewer.	12/10/2023 2:44 PM
140	this town should be a safe and nice place to live. not too crowded with lots of retail and restaurant options for those who live here and visit.	12/10/2023 6:34 AM
141	In the short term 1) acquire more conservation land for the town before the land is all gone 2) develop housing for our young families and year round and seasonal workers In the longer term we need to 1) implement plans to protect against climate change	12/9/2023 11:58 PM
142	More local public transportation and frequency options to travel the Cape. Affordable housing for all (including seniors). More walkable areas.	12/9/2023 10:25 PM
143	Fully sewerage. Quaint, with housing for all.	12/9/2023 9:48 PM
144	A small quiet Cape Cod town with less tourists and where middle class people can live comfortably year round.	12/9/2023 5:58 PM
145	A multi-generational and multi- socioeconomic community of culturally diverse people living and working together. A town with excellent schools and medical resources, with access to recreational facilities and beautiful beaches.	12/9/2023 5:49 PM
146	Economically strong community while maintaining an Affordable tax base that offer services, recreation and joy to the community	12/9/2023 11:56 AM

159	Better paying jobs for young families and affordable homes for them to live in	12/7/2023 8:39 PM
160	An affordable town for families with young children both full time and summer residents.	12/7/2023 8:04 PM
161	A diverse community with increased numbers of year round residents . . . this can only happen if multifamily housing units are available. I would like for the people who do the work here to be able to live here and go to school here as well.	12/7/2023 7:02 PM
162	Vibrant villages, small business improvement, recreation lessons for all - swimming, sailing, kayaking, tennis, pickleball at a reasonable cost. Support from the Chamber of Commerce for activities planned by various organizations.	12/7/2023 6:39 PM
163	Stopped building permits,,,we're too over developed now	12/7/2023 6:38 PM
164	Affordable housing for low wage earners, end the ugly McMansions that are being built everywhere (think Elijah's Way). More reasonably priced houses. Allow ADU's with existing houses. A more welcoming ton that the people who live and work on the cape can live instead of have more second homeowners buying houses here	12/7/2023 6:28 PM
165	I would hope that Harwich can maintain its coastal New England charm, clean and protected waterways, a vibrant community for year-round residents, and still be affordable for people who are drawn to the beauty of Cape Cod.	12/7/2023 6:14 PM
166	A Harwich that a young family can afford. A Harwich where not half the houses are vacant in the winter. A Harwich where not half the house in the summer are short term rentals.	12/7/2023 4:23 PM
167	I'd like to see people who are from Harwich have the ability to remain here and buy or rent homes. I'd also like to see land preservation.	12/7/2023 4:22 PM
168	Slower traffic, enforce noise ordinance, stop loud motorcycles they are illegal. Stop off-road motorcycles and 4 wheelers on trails.	12/7/2023 4:11 PM

185	More vibrant year round villages. More affordable housing for the workers that keep the town running: fire, police, teachers, etc.	12/7/2023 10:48 AM
186	Caring community that focuses on locals...seniors, education (children), and health. A green community that protects and expands conservation.	12/7/2023 10:48 AM
187	Similar look and feel and level of services with the addition of more affordable housing, and sewers/WWT to improve the quality of water which is run-off.	12/7/2023 10:47 AM
188	Preserve the character/natural resources.	12/7/2023 10:44 AM
189	Maintain the coastal village feel for the year round community. Residential & Commercial development continue but at a rate that does not affect the village feel of Harwich.	12/7/2023 10:44 AM
190	Live and work here	12/7/2023 10:23 AM
191	preserve as much green space as possible, preserve as much historical character as possible. Do not under any circumstances allow more condos and shrinking minimum lot sizes	12/7/2023 10:22 AM
192	vibrant	12/7/2023 10:22 AM
193	Maintain Cape Cod feel for any future growth, especially new housing and retail. Curb residential growth except to accommodate people who live and work here. Encourage retail, restaurant, and recreation that brings income to the area.	12/7/2023 10:17 AM

## Harwich LCP Community Survey

194	Not under water and with enough affordable housing to allow people who work here to live here	12/7/2023 10:15 AM
195	Quaint, accessible small town historically preserved and differentiated. More diversity in every respect.	12/7/2023 10:13 AM
196	A town aware of the climate crisis and the fragility of the environment and a police force willing to enforce environmental laws already in place such as anti idling laws	12/7/2023 9:57 AM
197	There are sidewalks throughout town, especially Harwich Center, where people can walk and enjoy the beauty and nature around them. Instead of driving everywhere, you can walk, get exercise, see other people and enjoy the time spent.	12/7/2023 9:49 AM
198	Harwich will be cleaner & greener with adequate open space, walking paths (sidewalks on BOTH sides of the street) - there will be a good mix of local businesses, arts & culture programs & opportunities as well as adequate housing especially for year-round workers, seniors, young families. Town government will be responsive to community needs & willing to listen to resident input.	12/7/2023 9:48 AM
199	Keep it as close to what it is today. We must not let it become another Hyannis by allowing so much commercial growth that it ruins a gorgeous little coastal town.	12/7/2023 9:48 AM
200	A vibrant, highly walkable, green, healthy town with many small businesses enjoying success. A place that attracts young families and people who value the community. A Town that has bike trails, walking trails and protects the natural habitat.	12/7/2023 9:47 AM
201	More conservation land; no more building houses; no large affordable housing projects; no tall buildings; resident-only beaches.	12/7/2023 9:43 AM
202	Maintain small town character. Protect coastal and inland waterways.	12/7/2023 9:42 AM
203	Improved pond and estuary water quality such as the HCT programs taking place (e.g. Cold Brook) Sewer system	12/7/2023 9:33 AM
204	Expansion of opportunities for working younger families who will be able to afford to live here, raise their kids, attend good schools , swim in our waters, get summer jobs here and maybe decide to stay and care for all that we have and are what makes this home! Zoning changes and more cluster and other inventive forms of housing. Dennis has several good models. We need not look far!	12/7/2023 9:27 AM
205	Increased conservation space, more local health care, small additions of affordable workforce housing.	12/7/2023 9:26 AM
206	Sidewalks to and near beach areas!! Too many people dangerously walking on roads. Make them narrow if need be but make them.	12/7/2023 9:11 AM
207	Much the same as today, with the feel and character of neighborhoods preserved—an oasis of calm and neighborliness in a changing world.	12/7/2023 9:05 AM
208	Restored habitat surrounding Red River, especially the marsh currently blocked by the road between Harwich and Chatham near Red River Beach. Character of the town.	12/7/2023 8:52 AM
209	Respect and better communication between government and citizens. emphasis on what's better for everyone, now and into the future, rather than for the vocal angry mob now.	12/7/2023 8:51 AM
210	A more vibrant and diversified year-round business sector providing well-paid jobs and generating increased revenues for the ongoing investment by the town. More affordable housing for working families, more open space and continued expansion of public facilities for the enjoyment of all. Resolution of our water preservation and wastewater challenges thru advanced and affordable technology. Consideration of converting part of Harwichport Center into a no-vehicle zone for part of the summer.	12/7/2023 8:49 AM
211	A Town that helps the local population and does not ease the working/middle class out of Harwich and ultimately, Cape Cod.	12/7/2023 8:31 AM
212	An ideal Harwich would be prepared for climate change. We would have zoning laws that prohibit building in flood zones. We would assist residents and businesses in relocating out of flood zones. We would have eliminated the use of all fossil fuels in municipal buildings and cars.	12/7/2023 8:28 AM

214	No major changes. Continue strategy of incorporating affordable or workforce housing into mixed use development. Also continued efforts to acquire / protect open space.	12/7/2023 8:22 AM
215	Protected land, services for seniors, affordable housing for seniors and families. Protection of our beaches. Health services.	12/7/2023 7:42 AM
216	Improving housing to be accessible for year round families	12/7/2023 7:38 AM
217	More year round residents living in an affordable, safe and well managed community.	12/7/2023 7:37 AM
218	A modern New England coastal community, encouraging year-round affordable living. Not just second homes, not just retirees, but growing families. It MUST contain modern infrastructure of which border-to-border sewers connected to every structure is paramount.	12/7/2023 7:31 AM
219	I couldn't rank items in 20 and 21: all are important to me, equally	12/7/2023 7:23 AM
220	Accept the reality of climate change as an existential threat, and act accordingly.	12/7/2023 7:15 AM
221	Less development of large houses, more conservation land and trails, expanded beach parking and more beach amenities, more parking downtown.	12/7/2023 7:03 AM
222	A town that adequately provides for the needs of local families to include affordable housing	12/7/2023 6:53 AM
223	Sewers will be put in, and no private tax for people who do not live there. Maybe a percentage should be done for amount of time spent in Harwich	12/7/2023 6:51 AM
224	slow down development and maintain/increase open spaces	12/7/2023 6:43 AM
225	Keeping it a high-quality coastal town with good education	12/7/2023 6:24 AM
226	A less restrictive town that does not feel the need to impose big government on our lives. Harwich has always had an independent spirit, and I worry we are becoming like Chatham (no loud music, limiting cigarette sales, etc etc). Local government role is "run the town", not dictate people's lives. I want to live in a town that has live music, and a vibrant bustling scene. Not just a town full of old people walking their dogs - we need more for young people, young families to help them. We need a town that has active seniors, who understand that a healthy community supports young people and families.	12/7/2023 6:18 AM
227	Acting on knowledge of climate change to electrify homes and businesses and transportation. Low income housing thru zoning changes, lot size and laws friendly. Maintain green space. Coastline stability and water quality.	12/7/2023 6:08 AM
228	We take bold innovative actions around wastewater and investigate all alternatives- sewer will not fix our issues in time and not all residents will be sewers and not everyone can afford it. Wastewater is one of our biggest barriers to more affordable housing being built. In 10-20 years I hope Harwich becomes a leader again for the nation, like we briefly were in the late 1980's-1990's, for pioneering alternative wastewater technology (like urine diversion/incinerating and composting toilets) and make a faster impact on nitrogen reduction, while paving the way for more housing, via ADUs- if we can use ADUs to pilot this new technology. We were once the focus of attention for the world due to our solar aquatics pilot at the town dump. We can be that pioneer again. It takes bold, curious, fearless leadership. My vision also includes a town rid of toxicity (not just in our waterways, but in our public discourse and government). I am not proud to live here as our town stands. We are seen as the laughing stock of many of the towns. We are seen as being divisive, fiscally focused at the expense of any culture, arts, public benefit or common good. When do we think of our neighbor's needs? Nature's needs? My vision is a Harwich where "the warmer side of the Cape" means we are more welcoming and gracious in how we govern, interact and advocate for what we hold important. We consider the stranger worthy of knowing and including and supporting. And we value the creatives and artists that make our town so unique.	12/7/2023 12:10 AM
229	A rural feeling town with beautiful and historic homes, wonderful clean beaches and ponds, and an increase in conservation.	12/6/2023 11:33 PM
230	A ban on short-term residential rentals, the reduction of sound & light pollution.	12/6/2023 10:41 PM
231	Children going to pre k for free. The rec center providing free programs for our youth. Affordable housing for us nurses, first responders and teachers.	12/6/2023 8:33 PM

232	Look at Babcock Ranch in Fort Myers, Florida the community was developed on green tech and sustainability.	12/6/2023 7:53 PM
233	Affordable living for town residents and zero Land development	12/6/2023 7:24 PM
234	My ideal harwich would have a strong sense of conservation and protection for our open space. Harwich would expand its free activity spaces for multiple age groups including parks, out door attractions, meeting spaces, skate/bike parks and more open and accessible indoor gym spaces. Harwich would pivot back to supporting the local working families. Expand services for youth in the community. My ideal Harwich would include maintaining the look and characteristics of existing home styles. Limit the amount of over sized, over priced, empty second homes being used as businesses in our residential communities.	12/6/2023 6:50 PM
235	Add affordable housing each year until it is no longer a problem. The solution to this problem outweighs all the others.	12/6/2023 6:00 PM
236	More affordable housing, less \$2M homes, more energy efficient (electric) municipal vehicles, solar paneled public buildings, larger parking lots at seasonal recreation sites.	12/6/2023 5:39 PM
237	Still looking like Cape Cod using Design Guidelines at the planning stage. And reduce our tax bill.	12/6/2023 5:28 PM

242	Sewers installed, not overwhelmed with tourists and weekly rental properties.	12/6/2023 4:03 PM
243	A place that can have affordable housing for all its residents. Prioritize spending to provide good schools, good roads, a strong green economy and community services to those who need the.	12/6/2023 3:58 PM
244	Less clinging to an unrealistic ideal of quaintness and more focus on healthy, environmentally-sound development that allows young families to stay & move here to thrive as part of a diverse community. More emphasis on safe, green transportation, especially for cyclists and pedestrians. A better balance between recreation and tourism on the one hand and design for living on the other. CLEAN, HEALTHY WATERSHEDS. Managed growth that favors long-term community development over quick profits and allows greater density where appropriate. A thriving school system that draws from and gives back to the community. Continued support for elders and disabled persons. A sane housing market.	12/6/2023 2:43 PM
245	More middle class year round single family housing, more ADU housing options. Focus on youth and family activities. Sell 204 sission. The town should not be in the business of renting space. Upgrading that building to rent space is not what the town should be focused on.	12/6/2023 2:43 PM
246	Fewer traditional lawns, sewers to most of the town, more modern town planning and zoning, and better transport to Boston by train or mass transit. Enhanced communications to support medical care, education, and business. A vaccine against Lyme ticks and the wave of new tick diseases. Shark barriers. Less light pollution from business, residential, and town lighting. There used to be dark nights until a couple of years ago. My owls have left.	12/6/2023 2:36 PM
247	That Harwich does not become over developed especially with very expensive properties for second home buyers.	12/6/2023 2:04 PM

## Harwich LCP Community Survey

301	The HARWICH I envision will put community preservation first along with keeping our communities green by use of trees and native plantings. Hopefully having limitations on housing developments by keeping density out if the new housing developments. Keeping Cape Cod as is not with housing tenements.	11/26/2023 9:55 PM
302	Keep or increase the number of families and children in the town. This would need more affordable housing.	11/26/2023 9:22 PM
303	Quaint, small-town feel, not overcrowded, happy tourists, happy locals, thriving businesses in the Port, the Center, East Harwich, and other local retail areas.	11/26/2023 9:20 PM
304	No more huge summer houses. Restoration of older homes to make them liveable for young families.	11/26/2023 9:08 PM
305	Overdevelopment has stopped. We are not reliant on tourism and can embrace it but not at the expense of year-round residents. Buildings are restricted in size and height. More community engagement and services. Preservation of our historic buildings.	11/26/2023 9:05 PM
306	we will have figured out the balance between protecting our beautiful land and waters and how to foster a diverse housing stock so that if a young family wants to make a life in Harwich, they can. If our school district kindergarten enrollment is steady with families living in our town, not just school choice, this is a sign of a healthy community. The tourists will come, but what makes Harwich Harwich is the children and families that live and work and thrive and create here year round.	11/26/2023 8:24 PM

## Q25 What concerns (if any) do you have for your village/neighborhood?

Answered: 313 Skipped: 331

#	RESPONSES	DATE
1	Water and sewer increased management to protect water shed.	12/31/2023 2:02 PM
2	Housing costs. A community cannot function if working class people cannot afford to live in it. Harwich will become an ever more expensive retirement resort for rich out-of-towners so long as major steps are not taken to increase residential density/lower housing prices. Additionally, walkable infrastructure is key to preventing density from overwhelming the capacity of our roads.	12/30/2023 2:39 PM
3	Residents, especially those who are not year-round, with little regard to how their actions impact the future health of the community. One new neighbor continued to water their lawn when restrictions were in place. The same neighbor cut down every single tree on their property except for one. While I am concerned about affordable housing, I do not support the proposals, such as the Marceline property, that call for clear cutting large sections of land for new development. There seem to be existing cleared lots that are sitting idle that could be put to good use but the landowners do not wish to develop them for whatever reason. Perhaps better incentives are needed.	12/29/2023 8:27 PM
4	lack of sidewalks/ bikeways new construction with clearing of plants and trees water quality	12/29/2023 3:40 PM
5	There is an increasing trend leaning towards government overreach via its policing/regulatory policy powers on the body of constituents. There is a balance that needs to be struck between commercial enterprise, private property and government goals(public interest) via cooperation through incentives vs strict forced regulation & policing. I feel that the people trying to do the right things are sometimes restricted by the town regulations and varied enforcement of those regulations. This includes restaurants liquor licenses being tied to archaic noise ordinances (Music in bars/restaurants is a cultural enhancement to the business districts within reasonable day/evening hours). This includes peoples residential development of their private properties to better enhance their living space utilization(garages with usable space above, ADUs, private offices, extra family rooms, extra living rooms etc...). The town has awkwardly enforced updated versions of title 5 septic requirements that will eventually be replaced by innovative alternatives or sanitary sewer in less then 20 years. This can be a win win for the town by provide more housing space for people, better use of private land and force the homeowner to upgrade to be ready for sanitary sewer and/or incorporate IA septic systems which can reduce nitrogen levels upwards of 90% during attempted renovations.	12/28/2023 2:59 PM
6	Too much building of large homes and losing land that could be used for affordable housing or hiking trails. Quality of our drinking water and our beaches.	12/28/2023 2:34 PM
7	Loss of surrounding wooded space for the kids to play in to manicured developments with oversized homes that will be occupied for a few weeks a year. Lack of oversight and inspections during construction of developments. Creation of stormwater ponds that breed mosquitos. New developments creating open space that is treeless, fertilized, irrigated, and treated with pesticides. Having a high impact on our aquifer for a few people a few times a year to come and think the manicured look is beautiful.	12/28/2023 12:07 PM
8	I've already stated this.	12/28/2023 11:14 AM
9	Too many young people forced to leave	12/26/2023 11:24 PM
10	Stop building new homes in every piece of land available	12/26/2023 8:22 PM
11	Water	12/26/2023 6:57 PM
12	Traffic congestion and speeding cars and trucks seemingly without any consequences.	12/26/2023 5:47 PM
13	Apathy about the impact of climate change	12/26/2023 4:43 PM

37	Greater focus on public education of individual methods to aid in water quality protection and local support of actual small plot farms that truly produce products, not resellers masquerading as a farm in name only. Commercial zoning already provides space for them.	12/21/2023 6:27 PM

40	Main Street in Harwich Port is getting too crowded -- need additional parking, restrict additional development, ban additional retail/apartment complexes like recently built ones	12/21/2023 11:49 AM
41	1. Lack of drinking water and land conservation. 2. Need to control housing development especially for summer only vacation homes, 2nd homes and rentals. Landlords/owners who are not year round residence do not appear to appreciate the need for conservation requirements. Stronger regulations are needed for summer rentals/B & B/etc. Should we even allow them? Rental properties are important for the workforce, especially summer business needs/tourism. Fair pricing rentals for workers/college kids/ etc. need to be addressed. The vision for	12/21/2023 11:26 AM

## Harwich LCP Community Survey

Harwich...we need to value the land and water as primary. All decisions need to be based on this. We need to lean towards protecting the environment even if it may cost us some revenue. In the long run we will have a town that folks still want to live in and visit.

42	very high spending by town paid for for part-time residents who don't have a vote in the spending	12/21/2023 10:34 AM
43	High taxes, inflation, low growth, too many restrictions	12/21/2023 10:34 AM

45	Traffic... over development . Living in East Harwich, concerns about over development!	12/20/2023 11:31 AM
46	The school needs attention. The 500 students is causing a lot to fall through the cracks	12/20/2023 12:30 AM
47	We are quickly becoming a town of senior citizens with no young, working families able to live here.	12/19/2023 10:33 AM
48	preserve Pleasant Bay, why so many moorings allowed now? The volume and speed of cars on Bay Rd is a huge concern. Can no longer safely walk to the beach. The new guardrails make is hard to get out of way of traffic, there is no shoulder space. Alos, too many Eastward developments.	12/18/2023 12:51 PM
49	Overbuilding and zoning. No reason the town can't include cluster zoning laws. The town needs to be fiscally more responsible and make it easier for families and seniors to live here.	12/18/2023 10:15 AM
50	evaporation	12/18/2023 8:27 AM
51	That green space will be eliminated in favor of parking lots and business.	12/17/2023 11:04 PM
52	Excessive tax burden on people on fixed income	12/17/2023 10:27 AM
53	We need strengthened zoning laws.	12/16/2023 8:00 PM
54	The needs of Harwich's working parents and young family's are not being met.	12/16/2023 3:41 PM
55	The building of million dollar homes on postage stamp lots in the water resource district!	12/16/2023 2:13 PM
56	More village signage perhaps? Otherwise, no concerns.	12/16/2023 10:59 AM
57	The availability and cost of housing. There is just not enough housing for young families and the concern is that Harwich will continue to grow as a seasonal rental/living community	12/16/2023 6:00 AM
58	That the streets for the most part are filthy and the people throwing litter out of their cars should be caught and be made pay a \$100.00 "first time fine (\$50.00 added for each and every charge!). People should likewise be rewarded for trying to plant beautiful flower/shrubs and trees along the roadsides of their homes/businesses. We need to "clean up Harwich and maybe even ban butts being publicly disposed of and nip bottles from being sold (town's too damn drunk already).	12/15/2023 9:30 PM
59	Immigrants	12/15/2023 10:01 AM
60	Local sewer projects and lack of recreation offerings for children	12/15/2023 8:37 AM
61	I am concerned about the constant cries for More housing. The Cape can't absorb all the people who want to live here without destroying its character. What we need is better transportation and better paying jobs which would enable people to commute on and off Cape in a timely manner . A boat can only hold so many passengers before it sinks.	12/15/2023 8:01 AM
62	I am concerned about over development. I am also concerned about affordability of living in this small community.	12/15/2023 4:30 AM
63	Lack of sidewalks with narrow winding roads, and speeding cars, the 3BR \$3million homes being built. We need to take care of our younger people and their families who want to stay on the Cape year round, and raise their children here, and not cater to the wealthy people looking for a summer home that they're only gonna use a few months out of the year	12/14/2023 11:20 PM

66	Expansion of sewer plans for Harwich Center (current plans do not extend very far east past Town Hall), Harwich Center needs to be a priority for economic development (Patel family has made great progress!). More mixed use development is needed, traffic calming measures, additional public parking, more density to support walkable villages and local restaurants and businesses. Historic structures need to be valued and preserved. Town-wide I am concerned this survey focuses on only "arts and culture" and not community-building functions and services. Without those, we can build new housing but we'll be a bedroom community where many residents have no connection to each other or a sense of being part of a community. When people have that sense of connectedness, they look out for each other, understand each others needs, and all other problems can be solved working cooperatively together. Finally, one concern I have with this committees discussions and the way this survey is phrased is that "preserve local character" and "small town community feel" are code words that when chosen by respondents will be pointed to by many to say "see, residents want to prevent overdevelopment" or to stop multi-family housing, for ex. Please bear in mind that many respondents wont have selected those choices for those reasons. A small town community feel or character is to me, and many others, a community where you know your neighbors (I.e. density - smaller lots and homes close to the street, walkable neighborhoods with a sense of identity. Please don't interrupt those responses as meaning what the loud voices are going to say they mean.	12/14/2023 7:46 PM
67	I may have to leave if I cannot afford sewer. I've lived here nearly 30 years. I am angry that the town is forcing this sewer hook up on me. I am a single income household trying to hold on. Town is making it harder.	12/14/2023 7:37 PM
68	My main concern is the complete lack of affordable housing. The "not in my back yard" mentality will only destroy Cape Cod. Most of those who are stopping the ideology of affordable housing, probably won't be living on the Cape in the next 10 - 20 years	12/14/2023 7:21 PM

73	People are more concerned about their property values than the cost of living crisis -- and in general unwilling to make even short-term concessions to reap long-term benefits or to think about the community as well as themselves.	12/14/2023 4:20 PM
74	Overdevelopment of open space, nitrogen loading from lawn fertilizer and ineffective septic systems, large chain stores in place a small local businesses, lack of coastal resiliency preparation, and tolerance of bullies in local government.	12/14/2023 4:03 PM
75	Deep concerns about: over-development, particularly the continued building of large, uber expensive homes. I'd like to know who Eastward Co's has over a barrel to allow them the constant building permits and destruction of wooded lands. Also, the lack of stability in Town gov't positions as people shuffle in and out of important Dept Heads.	12/14/2023 3:47 PM

96	We need sidewalks and monitoring of traffic on Queen Anne Rd	12/13/2023 10:07 PM
97	Lack of side walks, and cross walks, too many giant houses being built on small lots, uncontrolled sign codes- businesses shouldn't be able to use those awful flag signs etc. Lack of affordable housing for work force and families. Youth programming is not easy to sign up for. Often use Chatham rec and drive 15 mins to their programs based on the ease of sign up.	12/13/2023 9:40 PM
98	Lack of sidewalks, lack of residential site plan review to control scale and character of housing in context with neighborhood, too many eastward company style developments, lack of planning board control/ oversight for commercial development to ensure appropriate development to maintain community character, lack of design standards and form based codes, lack of development regulations to limit amount of tree clearing for new development, lack of affordable housing and lack of diversity of housing stock, lack of regulatory controls on short term rentals, and corporate ownership of rentals, lack of enforcement for regs such as sign code and outdoor displays in HPort which help maintain town character, town staff levels need to be adequate to meet regulatory demands, lack of rec facilities in west harwich and east harwich Lack of sidewalk along Rye. 28 from star market to HPort	12/13/2023 9:39 PM

104	I'm concerned the affordable housing is NOT AFFORDABLE. Stop ripping down trees and pristine land to make dumps for scum to come live in that will milk off all of the wonderful services we have here for CAPE COD FAMILIES. These people are coming from Who knows where and sucking our resources dry. But why not move move to a resort area when you get housing vouchers, food, clothes, services, transport for FREE. I'm a local HARDWORKING person, so are all of my native family members. It makes me sick to see all these losers come into this town and contribute NOTHING, and get EVERYTHING for free. Make a lottery for long term residents ONLY to be allowed these affordable options. Create an escrow building system Like Chatham does with the MCI houses. But do it for LOCALS. Stop making it so easy to import all these people who have nothing to give back. Go somewhere else. Sorry I sound	12/13/2023 5:24 PM

nasty, but my native kids deserve a future here. Not some scum that leaches off everything. Stop making it so easy for these people to come here. And stop these millionaires from building obnoxious houses they don't even live in. Stupid! Make some limits and boundaries to stop this development. Stop them from Poisoning our water with fertilizer and stop them from destroying our community. Hmph.. i could go on!! Thanks for listening

105	Over development of 2 million dollar houses	12/13/2023 5:12 PM
106	Increasing second home population, increasing senior population, decreasing young families and young children. Cost of living (not just home / rental) is exorbitant. My children will likely have to move away to find a job that pays their bills.	12/13/2023 5:07 PM
107	I am concerned that the town puts so many restrictions on existing homes that working families cannot make homes better suited to their needs housing developers can clear cut forests and build any kind of multimillion dollar property they want. The town needs to prioritize year round working families if it doesn't want to turn into a summer community that is completely vacant in the winter months with no economy to support itself.	12/13/2023 4:55 PM

111	Over building and encouraging low income families from off cape to move here when they can not afford to live here. The people that live here make it work. If you can't afford to live here we shouldn't have to support you living somewhere where you can't afford and are not working or contributing to the community. The size and price of houses currently being built is astronomical and not sustainable for locals who grew up here and want to continue to live here	12/13/2023 11:07 AM
118	Overdevelopment. We have pushed so many people off cape. We have become a tourist /resort area. So many families can't afford to live here or are barely scraping by	12/13/2023 10:40 AM

121	Waiting list system doesn't work for Saq. It just encourages people WITHOUT BOATS to put names on waiting list for next generation. Need to think outside the box. All year long residents should have preference. The purpose of the waiting list should not be to generate income. - fishing the beaches, hunting the woods and marshes are also longstanding traditions on the cape and should be respected, if not encouraged. We do not need more walking trails in the woods on the cape. There are plenty. -Having workers drive from off cape consumes way too much fuel every day. Putting a solar panel on the roof isn't going to offset that.	12/13/2023 7:53 AM

161	Main Street Harwich Port has seen a positive growth in foot traffic and restaurant business over the past 5 years. The town needs to recognize that there is a limit as to what the area can support. Preserving green space, especially in Harwich Port is needed. Improving sidewalk and lighting through Main Street and on either side of the downtown areas is also needed.	12/7/2023 8:59 PM

need to be able to walk and ride a bike to stores, restaurants and elsewhere without placing my life in danger due to speeding and reckless drivers on the road today. Especially in season when the city people are here. With the increase of electric bikes more people want to use these as a better means of transportation, but feel that the only safe place to ride are on the bike trails. Though these trails are wonderful for recreational walking/biking they don't make the places that are needed to get to any more accessible. 208	The rapid growth of business in Harwich Port in the last few years has negatively impacted us with noise disturbances, increased demands on parking, and traffic/safety issues. As this village has a large summer-only population, it sometimes feels as though the Town forgets us.	12/7/2023 9:05 AM
209	The Town approves building homes that do not meet setback requirements if the previous building was non-conforming. The size of new buildings in old neighborhoods is ridiculous. You had no questions about this. I don't know or other should have been an option in every question including the ranked ones. Maybe you should have asked what the questioner wants or needs. It's time to grow up, make some hard choices, and get the system installed and to stop passing it on to homeowners with "temporary" Title V systems. All properties have grossly appreciated in value. Attach a lien, install the sewer system, and pay for it as these properties turn over which they will as generations rotate. working people to live here. Harwich has a golf course, a great library, a cultural center, a community center, tennis courts, a gym with showers, beaches galore, a bike path --there are so many recreational opportunities here OWNED BY THE TOWN, and yet local government seems unable to offer affordable housing opportunities. Why is that? If the housing crisis isn't effectively addressed, employers here, including the town, will be unable to attract well-qualified workers. The recreational and educational facilities will languish without proper staffing. Policing here is excellent, IMHO, except for traffic control. As for transportation, I don't envy Yarmouth and Dennis much, but it would be nice to have sidewalks and bike lanes that took into account something besides recreation and tourism.
