

Are you looking to view how updates to
FEMA's Flood Insurance Rate Maps (FIRM)
impact policyholders across Cape Cod?

The proposed changes to the flood hazard data under the Flood Insurance Reform Act of 2012 can be compared and viewed using an easy web mapping application tool. The tool is provided and available by the Cape Cod Commission and uses limited data supplied by FEMA (see disclaimer).

Google the Cape Cod Commission and use the shortcut on their home page entitled "Flood Insurance Rate Maps" or click here (if viewing online):

[Compare and view FIRM maps](#)

For more information contact a local Harwich agent:
