Call to order:

Attendees:

New Business:

Approval of June meeting minutes

Discussion of Charlene's suggestions

1. status of crossing lights,
2. status of hydration stations,
3. repaving of OCRT. The guest at the meeting suggested the possibility of widening it. As he said, it doesn't hurt to ask. I would also like to ask Lincoln to look into how to stop tree roots from spreading under the trail as neighboring trees grow.
4. Locations of bathrooms on the trail: Where are they and when are they open? If we get the bar code maps done at some point, we could add bathroom locations.
What is the status of the bar code maps? They have been on the agenda for many months.
5. Ongoing communication with the general public: this is an important area I think to keep everyone informed of trail improvements, etc. whether it's on social media or print media. I do see posts on the Harwich page on Facebook with comments/questions from trail users. Could we set up our own FB page?
6. Did the application for a fix-it station for Brooks Park get completed and sent to the CCC?
7. Communication between members of our Committee: important that we all get cc'd on communication from outside, etc on plans, projects, etc. I realized I should have cc'd everyone when I sent some pictures of sand/gravel on the trail to Paul.
8. Marking of larger cracks and holes. I see one bad crack has been painted red which is very helpful. I believe we should have others painted too since the repairs won't be completed (due to repaving in the future).

Discussion of CCC email

Old Business:

Potential OCRT projects for 2022

Continue to monitor trails for hazards such as mud, dirt, plant / tree matter, etc. -
take a picture if you can and email it to Paul he report it to Linc.

-

Comments or Suggestions?

Next meeting scheduled in person on Tuesday August 16, 2022 5pm Harwich Community
Center
