OK, I'm really confused, the registration comes back to Fergal. If it is a boat that is going to occupy your mooring, the boat needs to be registered to you, it is the regulation in the HMP. I will notify Chip that the boat is the one belonging on your mooring, but we didn't put it together since it is not registered correctly.

Hi Michelle,

Just responding to your email to Fergal. We have mooring 409 this is a new mooring. I spoke with Chip from Agl in the spring. He explained it was an existing mooring he would replace the old mooring with the new and we could use the old one until that was done. I thought he said it was gauthier and we talked about where it was located. I also did not see 409 anywhere. Are we on wrong mooring?

I thought that was the mooring we took over? In any case I think we have to pay. I remember Tom Themistos taking about this for all boats in mooring or slips.

I got this from Michelle in Harwichport. I guess as the boat is registered with me I got the email. In any case I guess we gotta pay it!

I'll take care of it. I think we should be fairly balanced out with costs to date?

You did mooring and fuel.

I did Winterizing and electrical repair.

So roughly I think we are good ya?

Fergal,

Back a few months ago, we did a check of Herring River and you were occupying the mooring of Norman Routhier.

You are able to occupy the mooring for up to 2 weeks with the permission of the permit holder for no cost. After 2 weeks, you are required to pay the Waterways User Fee to the Town of Harwich, see attached form. Payment can be mailed in or the following link can be used:

Let me know once payment has been made.

Thanks,
