Next meeting scheduled for Tuesday October 19, 2021 5 PM Virtual

It has been brought to my attention by a family member that car drivers do not respect the rights of cyclists. Drivers assume that they are the only ones who have rights of use of the roads.

I think if we could do anything to educate and bring awareness about the rights of cyclists we would be contributing to riders safety riding overall. The case in point involves roads all over the Cape.

I do not know however if our mission refers just to trail users.
