STUDY BEST USE OPTIONS FOR FORMER HARWICH MIDDLE SCHOOL INCLUDING  
RECOMMENDATIONS FOR FINANCIAL SELF-SUFFICIENCY

To see if the Town will vote to raise and appropriate, transfer from available funds a sufficient sum of money to fund an independent, professional study of the highest and best use of the Former Harwich Middle School property. Town committees in the past have been unable to identify a use that is financially feasible or that fully utilizes the facility or the grounds in a comprehensive and acceptable way. Currently, the building and surround parking are being used as a Cultural Center to “serve as a rental space for groups and individuals to engage in recreational, social, educational, cultural, community service, civic and governmental activities” (Culture Center webpage). However, after six years of financial support from Harwich taxpayers, annual revenues from the Cultural Center business fail to cover expenses. The deficit total for FY17 to FY22 (partial year) is more than \$588,000. The purpose of this article is to enlist independent, professional help to objectively determine the best uses, along with evaluations (pros, cons and risk) of each option, for long-term use of this Town asset. This study will also develop a comprehensive business plan specific to the Cultural Center use that provides detailed financial, organizational, staffing, and marketing plans that make this option financially self-sustaining. By request of Richard Gundersen.
