7 March 2019

To: Community Preservation Committee
From: Heinz Proft, Natural Resources Director
RE: March 14th, Hinckley's Pond Remediation & Public Access project update

Hinckley's Pond Remediation & Public Access Project, 2018 Article #57

Project reviewed and commented on by Harwich Conservation Commission as well the Natural Heritage & Endangered Species Program (NHESP).

Project Budget: \$650,000

Committed Expenses: \$4,000 spent on NHESP filing fee.

Received approval from both NHESP and Harwich Conservation Commission to proceed.

Scheduled -- \$525,000 for Alum treatment
 \$ 25,000 for pre-treatment and post-treatment monitoring
 \$ 75,000 for landside improvements and access

RFP scheduled to go out March 15th, 2019 for Alum treatment.

Bids are due by April 11th, 2019 @ 2:00pm

Landside work – Conservation Agent will delineate the wetland and then have an engineer/surveyor to the site plan. Scheduled April 2018. That will go in front of the conservation commission for approval. Anticipated to come in under budget.

Sincerely,

Heinz Proft
Natural Resources Director
