To: Community Preservation Committee
From: Heinz Proft, Natural Resources Director
RE: September 12th, Hinckley's Pond Remediation & Public Access project update

Hinckley's Pond Remediation & Public Access Project, 2018 Article #57

Project reviewed and commented on by Harwich Conservation Commission as well the Natural Heritage & Endangered Species Program (NHESP).

Project Budget: \$650,000

Committed Expenses: \$4,000 spent on NHESP filing fee.

Received bid from Solitude Lake Management to treat Hinckleys pond as well as pre-treatment and post treatment monitoring. Treatment and monitoring will be \$384,938.

I am writing this update just a few days prior to the CPC meeting, but the treatment is scheduled to start on Tues. Sept. 10th. I will give a current update during my presentation Thursday night 9/12/19.

Invoice for Treatment will be incurred at the end of Sept. 2019 total = \$347,300

Invoices for monitoring will be incurred end of Sept. and then through 2020 total = \$37,638

Treatment, monitoring and landside work will all come in under budget.

Landside work will be summarized by the Conservation Agent.

Sincerely,

Heinz Proft
Natural Resources Director
