

## HARWICH WATER DEPARTMENT

### WATER MAIN FLUSHING

The Harwich Water Department will begin flushing water mains throughout the community Monday, October 5th, 2020 through December as weather permits. Flushing will take place Monday through Thursday between the hours of 6:00 PM and 11:00 PM in the area of Pleasant Lake.

The Department will do everything possible to minimize the disturbance during flushing periods. Please watch for signs that will be posted notifying residents of flushing areas. It is recommended that residents set aside clean water for drinking and cooking purposes should you experience discoloration. Be advised, temporary discoloration of the water and a chlorine taste is to be expected during the flushing period. Please check water for clarity prior to doing laundry.

We apologize for any inconvenience, and we appreciate the cooperation of the Harwich water customers in our effort to maintain the highest quality of potable water possible.

If additional information is needed, please call 508-432-0304, Monday-Friday from 8:00 AM to 4:30 PM.
