RE: Request for Departmental Input

Case #2023-19

I have reviewed the application for a Special Permit to raze and replace a single family dwelling located at 18 Bob White Lane. The property has existing variance conditions there can be no increase in bedrooms, square footage or habitable space without Board of Health approval. The foundation cannot encroach upon existing variances. As proposed the Health Department does not have any concern with the project.

Should you require further information, please do not hesitate to contact me.
