RE: Request for Departmental Input

Case #2022-19-Revisions

I have reviewed revised plan for the application for a Special Permit to raze and replace the detached garage at 25 Cross Street. The space above the garage shall remain unfinished and unheated and we will require a deed restriction on the property. In the event that the space be finished and heated it will trigger the upgrade/expansion of a fully compliant septic system.

Should you require further information, please do not hesitate to contact me.
