RE: Request for Departmental Input

Case #2022-28

I have reviewed the application for a Special Permit to raze and rebuild a single family dwelling at 22 Ocean Avenue. The septic system is currently in need of repairs and the added bedrooms will trigger a complete septic system upgrade. The applicant will be required to apply for the upgrade to a fully complaint septic system prior to building permit sign off.

Should you require further information, please do not hesitate to contact me.
