RE: Request for Departmental Input

Case #2023-25

I have reviewed the application for a Use Variance to operate a lumber yard on a parcel in the Six Ponds District located at 182 Route 137. The property is currently under order to connect to the municipal sewer system. This connection would need to be conducted prior to the Health Departments sign off on any building permits or approval of a change of use.

Should you require further information, please do not hesitate to contact me.
