RE: Request for Departmental Input

### Case #2023-29

I have reviewed the application for a Special Permit to raze and replace the pre-existing, non-conforming single-family dwelling located at 39 Wah Wah Taysee Road. The proposed project does not encroach upon the septic components or increase bedroom count. The septic was installed in 2008, designed for 4 bedrooms and was inspected in 2022. The Health Department has no concerns with the project as proposed.

Should you require further information, please do not hesitate to contact me.
