RE: Adjusted application for the change to a two-family use at 86 Miles Street

Dear Shelagh,

I have reviewed the current Adjusted application for the change to a two-family use at 86 Miles Street. I believe that this application qualifies under section 325-51N to be considered for a Special Permit.

As I had commented in the past, the additional access to an abutting public road would be allowed as a matter of right.

Please feel free to contact the Building Department to discuss this further, as necessary.

Respectfully,

A handwritten signature in blue ink that reads "Jack Mee". The signature is written in a cursive style.

Jack Mee
Harwich Building Commissioner
