To whom it may concern;

Hi, I am Heather Nickerson of Heather's Hairport have been in contact with Dennis Miller to discuss his proposed plans for his future property next door. After discussing these plans with Dennis, I truly believe them to be beneficial not only to Dennis but the community here in Harwichport. In the 27 years I have owned my business I have found the trend to stay the same year after year with foot traffic. Visitors to Harwichport typically park in the middle of downtown and stick to the shopping and restaurants in the center of downtown and this end of the strip has very minimal foot traffic. With the proposed plans I know it would attract more foot traffic resulting in better business for everyone in Harwichport. The building will also be a great asset to Harwichport to replace the field. Many of my customers have shared support with me about the project being a great addition to downtown.

If there are any questions or concerns please feel to contact me via email (bearse@comcast.net) or via cellphone (508-221-1451).

Thank you,

Heather Nickerson

Owner of Heather's Hairport
