Hi Elaine,

I'm preparing a Modification Request package and plan to file it by 8/30/22 for the Planning Board's meeting on 10/14/22.

We will be asking the Board to consider waiving the last section of required sidewalk (189.06 feet) along Bascom Hollow, in front of Lots 5 and 6, at the cul-de-sac.

I thought that I would give you a heads up of what I'm working on in case you think that I should address this another way with the Board.

I've attached the plan with the section of sidewalk highlighted and circled.

If you have any thoughts on this, please let me know.

Thanks!

Susan
