Please be advised that the Harwich Board of Health has directed staff to not place any hearings and/or variance requests on an agenda until the engineer or representative has had a preliminary project review with the Health Director. It is hoped that this process will eliminate the need for continuances at meetings due to design omission or incomplete submittals, and to help streamline a complicated process. Please call 508-430-7509 to schedule an appointment.

Applications must be filed by 4 pm on the filing deadline date.

Please Note: For abutter notification purposes - Notices should be posted for 6:30 pm - Be sure that abutter notices reflect the correct hearing room

Verification of abutters' notices should be brought to the hearing
