RE: Request for Departmental Input

---

## **Case #2022-20**

I have reviewed the application for a Special Permit to demolish the carport and construct a sunroom at 16 Restabit Road. This property is located in a Zone II, and is therefore limited to two bedrooms maximum. The Health Department has no issues with the conversion of the carport into a sunroom, however; the building permit will need to have a complete site plan with septic location. A passing Title 5 inspection will also be required prior to any building permit issuance.

Should you require further information, please do not hesitate to contact me.
