RE: Request for Departmental Input

Case #2023.36

I have reviewed the application for a special permit for a change in use from a single-family dwelling to a multi-family dwelling with storage units on site. located at 481 Depot Street. The project will require a fully complaint septic system be installed. Further, a complete septic application will be required prior to building permit sign-off.

Should you require further information, please do not hesitate to contact me.
