RE: Request for Departmental Input

Case #2023.02

I have reviewed the plans for a special permit to renovate the existing dwelling located at 30 Earle Road. A Septic permit for re-location of grease trap must be applied for by a licensed septic installer prior to building permit sign off. Review of a detailed layout of the kitchen and bar with all sinks and equipment clearly labeled should be submitted for Health Department review.

Should you require further information, please do not hesitate to contact me.
