**CONSENT AGENDA:** Nothing this month

**OPEN FORUM:** Nothing this month

**FINANCIAL REPORT:** Presented by Harbormaster Rendon

**NEW BUSINESS:** Nothing this month

**OLD BUSINESS:**

1. Proposed Pier Ramp & Float – 9 & 11 Herring Run (Mogan & Corey). Coastal Engineering Co. Charles Agro, Coastal Engineering presented two revised plan proposals to the original plan that was before the Waterways Committee on February 16, 2022. The applicants preferred option is plan C-102, Revision 1 dated 3/8/22 moved the proposed pier, ramp and float to the north of the initial plan. Mr. Argo stated the revised site was selected because it would have a reduced impact on surrounding salt marsh. Harbormaster Rendon was not in favor of the preferred option due to navigational concerns as the structure extended out into the waterway near a bend in the river. A motion was made by Dan Hall to deny the proposed plan, seconded by Dan Casey. All members were unanimous.

The applicant's second option presented in plan proposal C-102, Revision 2 dated 3/16/22 had the location of the pier, ramp and float structure in the same location as the initial proposal, but moved in slightly closer to shore. The second option was supported by the Harbormaster. A motion was made by Kent Druschella to approve the Proposed Pier Ramp and Float for 9 & 11 Herring Run (Mogan & Corey) Plan # C-102, Revision 2 dated 3/16/2022, project #C19802 & 04.00, with final review of plan by Harbormaster Rendon and Chairman Themistos. Motion seconded by Jay Walpole. All members were unanimous.
